

2016 REVIEW

2016 was a year of excitement and expectation for Prayer Ventures. The Board prayerfully sought God's direction for the ministry while preparing for Betsy Lee's pending retirement. God was faithful and affirming, that Prayer Ventures would not only continue after our founder retires, but He will expand it in multiple directions. It's just like God to exceed expectations!

Prayer Ventures provided 23 public events and 108 personal prayer appointments, bringing hope and healing to people seeking Jesus as their refuge. Six new prayer ministers completed internship training, bolstering our capacity to grow. With your generous support, we are planning to answer God's call to serve more men and younger generations.

2017 REVIEW

2017 brought new opportunities to Prayer Ventures. We formed a partnership with Thrivent Financial that has created a path of generosity for donors to follow. This year we also added Dave Heinrich, PhD Candidate at Bethel University, to our teaching team for his dynamic workshops and deep prayer training. In alignment with God's calling to grow both demographically and geographically, we have entered early discussions for a satellite prayer ministry office in Plymouth. Please pray that God will provide an open door for that opportunity.

We have provided personal healing prayer appointments for 96 people and hosted 21 public events to-date. This includes our event at the Arboretum in June which had a record breaking attendance with keynote speaker Amy Senser!

HERE WE GROW!

PRAYER VENTURES

hope • healing • new beginnings

ANNUAL REPORT

PRAYER VENTURES OPENS DOORS TO HOPE, HEALING, AND NEW BEGINNINGS THROUGH PRAYER.

We help people to be "Strong and courageous!"
Joshua 1:9

LEADERSHIP TRANSITION

It's been a time of preparation for our founder's retirement. We are filled with joy and gratitude for all the amazing ways Jesus has transformed lives through Prayer Ventures and we honor Betsy Lee for her Spirit-inspired leadership over the years. We are thrilled to introduce you to our new executive director, Kathy Boyes. She brings a fresh perspective and vision to the ministry that we know you will find God-inspired and exciting. We look forward to working with her.

"I learned to slow my busy life down so I don't miss God!"

EVENTS

"Come to a Prayer Ventures event with an open mind and faithful heart and God might blow you away."

Looking back on the past two years, we can see God's abundant blessings in many places! Hundreds of people attended workshops like "Healing Relationships," "Overcome Spiritual Warfare" or "Releasing the Power of the Spirit in Your Life." Our prayer trainings were filled with people who were forever changed by their encounters with Jesus. And our events, often above our capacity limits, confirmed that there is a deep hunger for God everywhere. By expanding Prayer Ventures, we can help meet the needs people have for hope, healing, and new beginnings. We are excited to see the powerful ways God is going to move in the coming year!

MINISTRY SUPPORT

"Round-up giving is so easy - now my change is making a change in people's lives!"

A person's Prayer Ventures story often begins at one of our events. God starts to move people from a place of needing healing, to a place of receiving

healing, then to restoration. Ultimately, He brings them to a place where they can give to others the same healing they initially received. This is God's ripple effect in action and it's a wonder to see. By supporting Prayer Ventures, you make these continuing stories of restoration possible. We have created a variety of ways for you to support the ministry. Watch for more details in the upcoming Annual Fundraising letter.
